Other information

Our preserve are made from Polish plums of the butchers, but only from very ripe ones, which makes them very expressive in taste and color. Fruit puree is produced on thick sieves, which preserves the smooth consistency and full nutritional value of the fruit peel. At the end of the process we add Rum. These home-made preserve are always worth to have in your kitchen, as they are an excellent addition not only to bread, but also to pancakes, pastries and cakes.
